# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of: Regulation (EC) No. 1907/2006 and Regulation (EC) No. 1272/2008

Revision date 22-Aug-2022

Revision Number 3

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product Name ETHOCEL<sup>™</sup> Standard 4 Premium Ethylcellulose

Product Code(s) 363876

1.2. Relevant identified uses of the substance or mixture and uses advised against

#### **Recommended use**

Thickening agent Processing aid Binder Coating Filler We recommend that you use this product in a manner consistent with the listed use. If your intended use is not consistent with the stated use, please contact your sales or technical service representative.

### 1.3. Details of the supplier of the safety data sheet

### **Supplier**

Nutrition & Biosciences Netherlands B.V. Willem Einthovenstraat 4 2342 BH Oegstgeest The Netherlands Tel.: +31 71 5686 168 Fax: +31 71 5686 169

### E-mail address

sds.genencor@iff.com

### 1.4. Emergency telephone number

**Emergency Telephone** 

See section 16 for more information

Emergency Telephone - §45 - (EC)1272/2008		
Europe	112	
Poison control centre phone	112 (Europe)	
number		

### **SECTION 2: Hazards identification**

### 2.1. Classification of the substance or mixture

Regulation (EC) No 1272/2008 This substance is classified as not hazardous according to regulation (EC) 1272/2008 [CLP]\*\*\*

### 2.2. Label elements

This substance is classified as not hazardous according to regulation (EC) 1272/2008 [CLP]\*\*\*

### 2.3. Other hazards

WARNING. May form combustible dust concentrations in air.

# **SECTION 3: Composition/information on ingredients**

### 3.1 Substances

3.2 Mixtures Not applicable\*\*\*

Chemical name	Weight-%	REACH registration number	EC No	Classification according to Regulation (EC) No. 1272/2008 [CLP]	Specific concentration limit (SCL)	M-Factor	M-Factor (long-term)
Ethylcellulose 9004-57-3	95 - 100	No data available	-	-	-	-	-

Full text of H- and EUH-phrases: see section 16

Acute Toxicity Estimate No information available

#### 4.1. Description of first aid measures

General advice	When in doubt or if symptoms are observed, get medical advice.***			
Inhalation	IF INHALED: Remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a POISON CENTER or doctor.***			
Eye contact	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.***			
Skin contact	IF ON SKIN: Wash with plenty of water and soap. If skin irritation occurs: Get medical advice/attention.***			
Ingestion	IF SWALLOWED: Never give anything by mouth to an unconscious person. Drink plenty of water. Get medical attention if symptoms occur.***			
4.2. Most important symptoms and effects, both acute and delayed				
Symptoms	Get medical attention if irritation or other symptoms occur.***			
4.3. Indication of any immediate medical attention and special treatment needed				

Note to doctors Treat symptomatically.\*\*\*

# SECTION 5: Firefighting measures

5.1. Extinguishing media			
Suitable Extinguishing Media	Foam. Dry powder. Water spray. Carbon dioxide (CO2).***		
Unsuitable extinguishing media	Keep product and empty container away from heat and sources of ignition. Do not use water jetstream.***		
5.2. Special hazards arising from the substance or mixture			
Specific hazards arising from the chemical	Fine dust dispersed in air, in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.***		
Hazardous combustion products	Smoke production.***		
5.3. Advice for firefighters			
Special protective equipment and precautions for fire-fighters	Positive pressure self-contained breathing apparatus (SCBA) and structural firefighters' protective clothing will provide adequate protection.***		

# **SECTION 6: Accidental release measures**

### 6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions	Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Use personal protection recommended in Section 8. Sweep up to prevent slipping hazard.***		
For emergency responders	Use personal protection recommended in Section 8.***		
6.2. Environmental precautions			
Environmental precautions	Clean contaminated objects and areas thoroughly observing environmental regulations.***		
6.3. Methods and material for containment and cleaning up			
Methods for containment	Sweep up and shovel into suitable containers for disposal. Avoid dust formation. Dispose of in accordance with local regulations.***		
Methods for cleaning up	Use industrial vacuum cleaners approved for combustible dust and area electrical classification.***		
Prevention of secondary hazards	Clean contaminated objects and areas thoroughly observing environmental regulations.***		
6.4. Reference to other sections			
Reference to other sections	See section 8 for more information.***		

# **SECTION 7: Handling and storage**

### 7.1. Precautions for safe handling

dust generation and accumulation. Combustible dust clouds may be created where operations produce fine material (dust). Avoid significant deposits of material, especia horizontal surfaces, which may become airborne and form combustible dust clouds a may contribute to secondary explosions. Handling and processing operations should conducted in accordance with 'best practices' (e.g. NFPA- 654).***
--

General hygiene considerations	Handle in accordance with good industrial hygiene and safety practice. Regular cleaning of equipment, work area and clothing is recommended. Avoid contact with eyes, skin and clothing. Wear suitable gloves and eye/face protection.***	
7.2. Conditions for safe storage, inc	luding any incompatibilities	
Storage Conditions	Keep/store only in original container. Keep container tightly closed in a dry and well-ventilated place.***	
7.3. Specific end use(s)		
Specific use(s)	See section 1 for more information.	
SECTION 8: Exposure cont	trols/personal protection	
8.1. Control parameters		
Exposure Limits	Based on data available for ingredients	
8.2. Exposure controls		
Engineering controls	Ensure adequate ventilation. Avoid generation of dust and aerosols.***	
Personal protective equipment		
Eye/face protection	Wear safety glasses with side shields (or goggles).***	
Hand protection	Wear protective gloves.***	
Skin and body protection	Wear protective gloves and protective clothing.***	
Respiratory protection	If exposure limits are likely to be exceeded or if irritation or other symptoms are experienced, NIOSH/MSHA or EN 136 approved respiratory protection should be worn.***	
General hygiene considerations	Handle in accordance with good industrial hygiene and safety practice. Regular cleaning of equipment, work area and clothing is recommended. Avoid contact with eyes, skin and clothing. Wear suitable gloves and eye/face protection.***	

# **SECTION 9: Physical and chemical properties**

9.1. Information on basic physical	and chemical properties	
Appearance	Powder	
Physical state	Solid	
Colour	White to light yellow	
Odour	Odourless to mild	
Odour threshold	No information available	
Property	Values	Remarks • Method
pH	No data available	None known
Melting point / freezing point	No data available	None known
Initial boiling point and boiling range	No data available	None known
Flash point	No data available	CC (closed cup)
Evaporation rate	No data available	None known

### 363876 - ETHOCEL™ Standard 4 Premium Ethylcellulose

-		
Flammability (solid, gas)	No data available	None known
Flammability Limit in Air		None known
Upper flammability or explosive limits	No data available	
Lower flammability or explosive	No data available	
limits		
Vapour pressure	No data available	None known
Relative vapour density	No data available	None known
Relative density	No data available	None known
Bulk density	No data available	
Liquid Density Water solubility	No data available No data available	Insoluble
Solubility(ies)	No data available	None known
Partition coefficient	No data available	bioconcentration : None known
Autoignition temperature	No data available	No data available
Decomposition temperature		None known
Kinematic viscosity	No data available	None known
Dynamic viscosity	4 mPas	Estimated
Particle characteristics		
Particle Size		Not applicable
Particle Size Distribution		Not applicable
9.2. Other information		
Molecular weight	> 1000	
C C		
9.2.1. Information with regards to p	hysical hazard classes	
Not applicable		
Explosive properties	No data available	
9.2.2. Other safety characteristics		
No information available		
Sensitivity to mechanical impact	No***	
SECTION 10: Stability and	reactivity	
10.1. Reactivity		
Reactivity	Not expected.***	
10.2. Chemical stability		
<u>roizi onomioarotability</u>		
Stability	Stable under normal conditions.***	
Explosion data		
Sensitivity to mechanical impac	<b>t</b> No.***	
Sensitivity to static discharge	Yes.***	
	•	
10.3. Possibility of hazardous react	<u>ions</u>	
Possibility of hazardous reactions	None under normal processing.***	
Hazardous polymerisation	Hazardous polymerisation does not occur.***	
10.4. Conditions to avoid		
Conditions to avoid	ditions to avoid Heat, flames and sparks. May form combustible dust concentrations in air.***	
10.5. Incompatible materials		
-		
10.5. Incompatible materials	Keep away from heat, flames and sp	arks.***

10.6. Hazardous decomposition products

Hazardous decomposition products No hazardous decomposition products known\*\*\*

### **SECTION 11: Toxicological information**

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

#### Product Information

Acute toxicity	
Inhalation	No information or data specific to the product on this toxicological (health) effect is available.***
Eye contact	No information or data specific to the product on this toxicological (health) effect is available.***
Skin contact	No information or data specific to the product on this toxicological (health) effect is available.***
Ingestion	No information or data specific to the product on this toxicological (health) effect is available.***

### Symptoms related to the physical, chemical and toxicological characteristics

Symptoms	Get medical attention if irritation or other symptoms occur.***
----------	---

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

Respiratory or skin sensitisation	No information available.***
Germ cell mutagenicity	No information available.***
Carcinogenicity	No information available.***
Reproductive toxicity	No information available.***
STOT - single exposure	No information available.***
STOT - repeated exposure	No information available.***
Aspiration hazard	No information available.***

### Numerical measures of toxicity

Component Information

Classification based on data available for ingredients

Chemical name	Oral LD50	Dermal LD50	Inhalation LC50
Ethylcellulose	>5000mg/kg (Rat)	>5000 mg/kg (Rabbit)	-

Not expected
Not expected

#### 11.2. Information on other hazards

11.2.1. Endocrine disrupting properties    Endocrine disrupting properties  This product does not contain any known or suspected endocrine disruptors.    11.2.2. Other information  Other adverse effects    No information available.  SECTION 12: Ecological information    12.1. Toxicity  Based on data available for ingredients.***    12.2. Persistence and degradability  Based on data available for ingredients.***    12.3. Bioaccumulative potential  Based on data available for ingredients.***    12.4. Mobility in soil  Based on data available for ingredients    Mobility  Based on data available for ingredients    Component Information  Based on data available for ingredients    Table Security  Based on data available for ingredients    Mobility  No information available.***    12.4. Mobility in soil  Mobility    Mobility  No information available.***    12.5. Results of PBT and vPvB assessment_  PBased on data available for ingredients***    12.6. Endocrine disrupting properties_  This product does not contain any known or suspected endocrine disruptors.    12.7. Other adverse effects	Emplecialose	
11.2.2. Other information  No information available.    SECTION 12: Ecological information    12.1. Toxicity    Ecotoxicity  Based on data available for ingredients.***    12.2. Persistence and degradability  Persistence and degradability    Persistence and degradability  Based on data available for ingredients.***    12.3. Bioaccumulative potential  Based on data available for ingredients.***    12.4. Mobility in soll  Based on data available for ingredients    Component Information  Based on data available for ingredients***    12.5. Results of PBT and vPVB assessment  Persistence    PBT and vPvB assessment  Based on data available for ingredients***    12.6. Endocrine disrupting properties  This product does not contain any known or suspected endocrine disruptors.    12.7. Other adverse effects  No information available.***    SECTION 13: Disposal considerations  Information available.***    13.1. Waste treatment methods  Dispose of wastes in an approved waste disposal facility. Dispose of contents and containare in accordance with local, regional, national, and international regulations as applicable.***    Waste from residues/unused  Dispose of empty containers and wastes safely. Dispose of vaste product or used containers according to local regulations.***	11.2.1. Endocrine disrupting prop	erties
Other adverse effects    No information available.      SECTION 12: Ecological internation      12.1. Toxicity    Based on data available for ingredients.***      Ecotoxicity    Based on data available for ingredients.***      12.2. Persistence and degradability    Based on data available for ingredients.***      12.3. Bioaccumulative potential    Based on data available for ingredients.***      12.3. Bioaccumulative potential    Based on data available for ingredients.***      12.4. Mobility in soil	Endocrine disrupting properties	This product does not contain any known or suspected endocrine disruptors.
SECTION 12: Ecological information    12.1. Toxicity    Ecotoxicity  Based on data available for ingredients.***    12.2. Persistence and degradability  Based on data available for ingredients.***    12.3. Bioaccumulative potential  Based on data available for ingredients.***    12.3. Bioaccumulative potential  Based on data available for ingredients.***    12.4. Mobility in soil  Based on data available for ingredients    Component Information  Based on data available.***    12.4. Mobility in soil  Mobility    Mobility  No information available.***    12.5. Results of PBT and vPvB assessment.  PBT and vPvB assessment    PBT and vPvB assessment  Based on data available for ingredients***    12.6. Endocrine disrupting properties  Endocrine disrupting properties    Endocrine disrupting properties  No information available.***    12.7. Other adverse effects  No information available.***    SECTION 13: Disposal considerations  Information available.****    13.1. Waste treatment methods  Dispose of wastes in an approved waste disposal facility. Dispose of contents and container in accordance with local, regional, national, and international regulations as applicable.***    Contaminated packaging  Dispose of empty containers and wastes safely.
